Key Sections:
- Research Library:
- Easy search and content management.
- Research Community:
- Engage visitors with interactive discussion features.
- Conferences & Events:
- Organized event listings with streamlined registration.
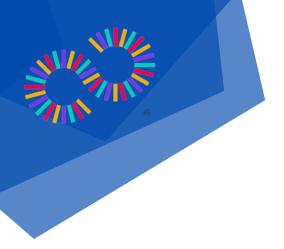

Timeline:
Project completed within 2 weeks.

Terms & Conditions :

We reviewed your site (Developer agrees to build the website as per agreed requirements; additional changes may incur extra fees. Developer fixes bugs reported within a short support period (e.g., 14 days). Future updates or additional features require a separate agreement.Both parties must keep sensitive information private, unless required by law.) and noticed issues like broken images and low interactivity. We propose a complete rebuild from scratch with a modern, responsive design that puts exceptional UI/UX front and center.
